NEW MOLDED DOOR DESIGNS

There are quite a few new molded door designs available. For years there were only 5 or so choices, and for most of the 80's and early 90's the six panel colonist was used until we were all quite tired of it. But things are changing and there are some new designs. The four shown on this page are their newest available. There are now a total of eleven choices of molded doors, almost all of them are available solid and hollow core. We have all eleven on display in our showroom. Stop by and take a look.
